Overruled 2-20-67 APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times. This permit is further issued subject to the conditions as set forth in the State Engineer's Ruling No. 956 for the waters of Willard Creek.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.7 cubic feet per second, but not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before October 10, 1967

Proof of commencement of work shall be filed before November 10, 1967

Work must be prosecuted with reasonable diligence and be completed on or before October 10, 1968

Proof of completion of work shall be filed before November 10, 1968

Application of water to beneficial use shall be made on or before October 10, 1970

Proof of the application of water to beneficial use shall be filed on or before November 10, 1970

Map in support of proof of beneficial use shall be filed on or before November 10, 1970

Commencement of work filed Nov. 8, 1967  
Completion of work filed Nov. 20, 1968  
Proof of beneficial use filed NOV 17 1970  
Cultural map filed 11-7-70  
Certificate No. 7570 Issued 2/22/71
